All Students within the College of Natural and Agricultural Sciences (CNAS) will be required to submit a term plan every quarter prior to the Fall, Winter, and Spring enrollment periods.

Students will receive a **REGISTRATION HOLD** every quarter until they have submitted a term plan and it has been approved by their Academic Advisor.

To submit a term plan, go to the “Registration” section of R’Web ([https://rweb.ucr.edu/](https://rweb.ucr.edu/)) and select “Term Plan” (See Example Below).

Indicate which courses you plan to enroll in for the upcoming quarter and submit the plan to your advisor.

Once your term plan has been approved, you will be permitted to attempt to enroll in your planned courses during your enrollment appointment day and time (See Example Below).

If your term plan is not approved, your hold will remain. You will receive an email from your advisor explaining why your term plan was denied.

Detailed instructions for term plan submission and enrolling can be found at the following links:

Registration: [http://registrar.ucr.edu/registrar/registering-for-classes/index.html](http://registrar.ucr.edu/registrar/registering-for-classes/index.html)

*Attending Summer Session at UCR does not require you to submit a term plan.*
