**Gain Skills \* Boost Your Resume \* Network \* Join The County of Riverside!**

### **About:**

Riverside County Parks is seeking a Interpretive Unit Intern to work with a Parks Interpreter to design a new educational program. The Parks Preservation & Education group is dedicated to stewardship of District cultural and historic resources. Interpretive staff is equally focused on natural history and environmental education: [www.rivcoparks.org/](http://www.rivcoparks.org/)

### **Essential Duties:**

The Intern will design a field trip that meets current (K-6) State Common Core Standards in Science, as well as, addressing the standards set forth in the Environmental Educational Initiative. Programs will also need to adhere to interpretive guidelines for children. The desired outcome would be to offer new field trip choices to local schools in the 2014-2015 school year, with hopes of a new program being designed around the features, functions and values of the Santa Ana Watershed.

### **Benefits:**

This internship will provide a student with the opportunity to take classroom learning and apply it in a real world setting. Although this is a great internship for students considering a career in education, all students interested in educating K-6 students, science, and making a difference should apply! This is your chance to be creative and make an impact in a child's life. Internships are excellent ways to network with professionals and can potentially lead to full-time employment after graduation!

### **Qualifications:**

Must have experience working with and teaching children and have a basic environmental, general and/or natural science background. Must have knowledge of Microsoft Office including Excel and Word and be self-motivated and self-driven.

### **Application Instructions:**

Interested candidates that meet the minimum requirements should e-mail a detailed resume in Word format to: Lora Lopez at [llopez@rc-hr.com](mailto:llopez@rc-hr.com) Deadline to apply is April 6th by midnight
