Winter 2017*

Lower-Division Course		Upper-Division Courses	
EDUC 002	Looking in Classrooms (3 units)	NEW! EDUC 118	Educational Research Methods (4 units). Introduces the basics of research methods as applied to inquiry in the field of education. Explores methods of data collection and analysis of student assessment data.
EDUC 003	Imagining Teaching: Science /Math Emphasis (3 units) <i>(Available to CNAS majors only)</i>	EDUC 133	Issues and Trends in Special Education (4 units) <i>(Prerequisite: EDUC 116) **Available to Senior-Standing undergraduates</i>
EDUC 020S	Introduction to Education Policy (4 units)	NEW! EDUC 134	Abnormal Psychology for Educators (4 units). A study of abnormal psychology for educators. Topics include how psychologists categorize and diagnose a variety of disorders in school-aged children, how to support these students in the classroom, and potential difficulties that may be faced in the classroom or educational setting.
EDUC 050 Online format.	Intercollegiate Athletics and American Higher Education (4 units) (Credit will be awarded once for either EDUC 050, EDUC 050S, or EDUC 050V)	NEW! EDUC 142	Language and Society (4 units). Focuses on the relationships between language and society: the connections between language and cultural values; the intersection between language and social structure; the ways in which power relationships are reflected, reinforced and resisted by language practices; and how language is used to construct social identities.
NEW! EDUC 051	Introduction to Higher Education: Current Issues and Debates (4 units). Introduces students to critical issues confronting contemporary United States higher education. It focuses on three major themes: debates over the purpose of higher education; the context and main challenges institutions and students currently face; and how the current environment is likely to shape the future of higher education.	NEW! EDUC 161	Social Development in Education (4 units). Discusses the processes involved in the development of social behaviors from birth to young adulthood. Discussion of issues concerning attachment, family systems, peer relationships, aggression, prosocial behavior and self-concept within the educational context. Theories and scientific research are presented in a context of practical application.

2016-2017 AY

Education Undergraduate Courses

	EDUC 176	Language Development in the Content Areas: Strategies for English-as-a-Second-Language Instruction (<i>formally 177B</i>) (3 units) (Prerequisite: EDUC 175) **Available to Senior-Standing undergraduates
	NEW! EDUC 180	Behavior Modification (4 units). An introduction to behavioral theory will be provided. There will be a focus on behavioral change, specifically for K-12 populations. Topics will include operant and classical condition and best practices in selecting and implementing behavioral interventions. Students will learn to implement the strategies learned through a personal behavior modification assignment.

Spring 2017*

Lower-Division Course		Upper-Division Courses	
EDUC 050 Online format.	Intercollegiate Athletics and American Higher Education (4 units) (Credit will be awarded once for either EDUC 050, EDUC 050S, or EDUC 050V)	EDUC 104	Mathematics Education (4 units)
