

CNAS Applied Sciences Workshop

(FREE lunch & learn)

Thursday, Feb. 27, 2020

12:00pm-1:00pm in HUB # 269

Are you curious about opportunities to solve problems and help improve the quality of life? Did you know that UC Riverside is part of the University of California Agricultural Experiment Station with a mission to address basic and applied problems in agriculture, nutrition, and the environment? Did you know that there are hundreds of thousands of jobs currently available for graduates in the applied sciences and not enough applicants to fill them?

The UCR College of Natural and Agricultural Sciences is presenting the forth in a series of quarterly lunch (FREE) workshops to introduce students to the exciting and meaningful opportunities in the applied sciences. **Please join us on Thursday, February 27, 2020 in HUB 269 (12:00pm-1:00pm)** and learn about careers in research, cooperative extension, industry, and government service.

Guest speaker - Samantha Ying

Assistant Professor of Soil Biogeochemistry
Environmental Sciences
