Unit Guidelines

Total unit maximum across all summer sessions is **15 units**.

Students are recommended to enroll in a maximum of **10 units** per individual or overlapping session

Example 1: PHYS 2B/2LB & ENGL 1C Session A (9 units)
PHYS 2C/2LC Session B (5 units)

Example 2: BIOL5B Session F (4 units)
PSYC001 Session B (4 units)

UCR Summer Enrollment

- Enrollment starts early April. 
- Your enrollment date can be viewed on your Student Profile
- Make sure "SUMMER" is selected for the term.
- Click on "Registration Notices"
- **Term Plans are not required for Summer registration**
- **Do not submit a Summer Session Application**

The screenshot shows a "Student Profile" page with the following details:

- Term:** Summer 2017
- Standing:** Good Standing, as of Fall...
- Overall Hours:** 166
- Overall GPA:** 2.64
- Registration Notices:** 4
- Holds:** 6

The page is divided into several sections:

- Student Information:** Includes Bio Information (Email, Phone, Date of Birth) and General Information (Level: Undergraduate, Class: Senior, Status: Active, Student Type: Continuing, First Term Attended: Fall 2015, Last Term Attended: Winter 2017, Leave of Absence: Not Provided).
- Graduation Information:** Graduation Applications: None.
- Advisors:** Primary / College Advisor: [Correll, Denise D.](#)
- CURRICULUM, HOURS & GPA:** Includes a table with columns for Primary, Secondary, and Hours & GPA. The Primary section shows: Degree: Bachelor of Science, Level: Undergraduate, Program: Undeclared-Nat & Agricul Sci, College: Natural and Agricultural Sci, Major: Undeclared-Natural and Agr Sci, Concentration: Not Provided, Minor: Not Provided, Catalog Term: Fall 2015.
- REGISTERED COURSES:** Not Registered.
- Summary:** Total Hours | Registered Hours: 0 | Billing Hours: 0 | CEU Hours: 0 | Min Hours: Not available | Max Hours: Not available.

Enrollment begins with Seniors, then Juniors, Sophomores, Freshmen, incoming students, and visiting students.

UCR Registration Steps

- Enroll as you would during the regular academic year
- You can enroll in all of your summer classes when you register, even if they are in different sessions (no makeup enrollment)
- If you encounter Prerequisite or Repeat errors or plan to enroll in sequential courses, please (1) fill out an Enrollment Request Form (wufoo form) for the CNAS Enrollment Management Center to process cnasemc.ucr.edu or (2) contact Summer Sessions for other subjects: summer@ucr.edu
- Please visit the Summer Session website for enrollment adjustment forms/research enrollment (not MyForms) <https://summer.ucr.edu/forms>

UCR Financial Aid

8 units required to receive financial aid

- 6 units required for students graduating Summer 2021, Fall 2021 or Winter 2022

Apply for Summer Aid by May 1: summerfinancialaid.ucr.edu

- Application requires students to list summer courses. If your plans change, submit a new app.

Summer Aid awards should be available around May 15

Fees not covered by financial aid are due July 15th, classes are protected while awards are processed

For more information, please visit: <https://summer.ucr.edu/cost-aid#aid>

Fees and Housing

- Fees are due July 15th. Fees for courses added after June 16th will be due August 13th.
 - Fee per unit: \$283 (same or less than regular year)
 - Cost Estimator: <https://summer.ucr.edu/costaid#fees>
- Summer Sessions will no longer drop students for unpaid fees. **Please drop from courses yourself before the session deadlines (usually sooner than quarter deadlines)**
- Housing:
 - Summer housing contracts will be available May 16th: <http://housing.ucr.edu/>

QUESTIONS?

Off-Campus Enrollment

- Do you need permission to enroll in courses outside of UCR?
 - MATH and SCIENCE: YES!
 - BREADTH: DEPENDS
 - ENGL 1A, 1B, and 1C: UCR only

Off-Campus Enrollment: California Community College

1. Enroll in the community college:
 - If you have any questions regarding their enrollment process or courses offered, please view their website or contact their campus.
2. View course articulations before you enroll.
 - Walkthrough www.assist.org
3. The CC may ask for a copy of your official UCR transcripts (can request through R'Web)
4. Complete Summer Session Petition for MATH/SCIENCE or any class that is not articulated to check if/what type of credit you will receive (email to your advisor)
 - Proof of CC enrollment required to submit Summer Session Petition (screenshot with your name , course, & payment info)
5. Submit Official Transcript to UCR Admissions once course grade posts (request from the school's Registrar)
 - Hold placed on record until transcript is received

Off-Campus Enrollment: Semester vs. Quarter

- For semester schools, you may only be able to enroll in one session during the summer.
- *In the example here you will see that a student would need to complete CHE 1A and CHE 1B to receive all of the CHEM 1 series credit. In summer you would not be able to complete both at the CC. Also CHEM 1B/LB is not offered in the fall quarter at UCR, so completing CHE1A over the summer would not progress a student appropriately and would be denied.*

Life Sciences Core Offerings

PHYS2C/LC is also not offered in the fall

Similar to cc process, except:

- Articulations **not** available on assist.org, but you can use [UC Comparable Course List](#) for UC's
- UCR Summer Financial Aid Application can be used for other UC's
- You need to secure a copy of the course syllabus for review if course is not on Comparable Course List:
 - Syllabus ≠ course description or catalog entry
 - Could take several weeks for courses to be reviewed and articulated (email to your advisor)
- Courses that are not directly equivalent = General Elective units (this is only for UC's)
- ***You will need to submit a Summer Session Petition to your advisor for any course taken at these institutions***

*Off-Campus
Enrollment:
UC/CSU/Other*

Off-Campus Enrollment Considerations

- *Example: If you take CHEM 1C/1LC during Summer at UCR, you can enroll in CHEM8A/8LA in the Fall without further permission (enrollment starts in May)*
- *However, if you take CHEM 1C/1LC at UCI, you cannot enroll in CHEM8A/8LA during Fall Registration*
- *Enrollment assistance with CNAS courses can occur via EMC with an unofficial transcript when a grade is received for the class (wufoo form)*
- *Official transcripts need to be sent to UCR Admissions for grade and credit to post on UCR Transcript*

Non-UC Institution Grades

- You will only receive course credit and the units for any transferrable coursework taken at a community college, CSU, or other institution
- *Although grade from a non-UC institution will show on your UCR Transcript, it will **not** impact your UCR GPA.*

Repeating Courses Outside of UCR

It is not recommended to repeat a course outside of UCR.

- **NO GRADE REPLACEMENT OR GPA BOOST** from non-UC courses.

If you repeat a course with another UC, you will receive the course credit to move on in the sequence(s) (after grades post) AND the new grade will impact your UCR GPA.

- **Note:** *UCR allows up to 16 units (approx. 4 courses) of repeat coursework that will recalculate into your GPA; both grades will appear on the transcript.*

R1.6.1 "A student may only repeat those courses in which a grade of D, F, or NC was received. (AM 5 May 77)"

Students are not eligible to repeat C- grades, unless required for graduation (ENGL1 series for ex.). *UCR Academic Senate Bylaws.

If you need to repeat a C- grade for professional school, contact the Health Professions Advising Center: hpac.ucr.edu

Repeating Courses: The "C-"

Seniors & Undeclared Students

Do not wait to transfer coursework!! For Seniors Graduating Summer 2021: All transfer work needs to be sent to UCR by Sept 14th

Additional Notes for Seniors:

Residency: 35 of last 45 units earned must be taken at UCR.

Note: summer coursework at UCR is "in residence". UCR Extension, other UC 's "out of residence"

Undeclared students should be mindful of how summer units impact the 75 unit deadline to officially declare a major.
