Heading into the last weeks of the quarter, there are two main deadlines we’d like to highlight: the deadline to S/NC a course and the deadline to withdraw from the quarter. The deadline to choose to S/NC a course is Friday, March 1 at 12noon. You must be in good academic standing to be able to S/NC a course. Courses required for your major or that serve as prerequisites for major requirements must be taken for a letter grade and cannot be changed to S/NC. The deadline to withdraw from the quarter (i.e., from all courses) is the last day of instruction on Friday, March 15 at 4pm. Please contact your advisor if you are considering withdrawing from the quarter. You can also stop by for a GUAC advising session to get some general information about the option to withdraw from the quarter. Hope your registration is going well!
